**2019-2020 Annual Report**

**West Virginia Coalition Against Domestic Violence**

## MISSION

The mission of the West Virginia Coalition Against Domestic Violence (WVCADV) is to **end personal and institutional violence in the lives of people of all genders and ages.**

We work to transform social, cultural, and political attitudes through public awareness, policy development, community organizing, education and advocacy in ways that promote values of respect, mutuality, accountability and non-violence in local, statewide, national and global communities.

## VISION

WVCADV is founded on the vision and belief that **every person has the right to be safe, empowered, and free from violence and the fear of violence.**

Central to this belief, we seek to **eliminate domestic violence, sexual assault, stalking, dating violence and human trafficking.** Additionally, the agency aims to reduce related social problems, such as child abuse, substance abuse, sexism, racism, and other forms of oppression.

## **Training & Technical Assistance**

Our strength is our network of the 14 licensed domestic violence programs. We provide comprehensive specialized consolation, assistance, and training to domestic violence programs and numerous agencies in order to best address the needs of victims and survivors.

## **Community Organizing**

We are a conduit for social change efforts and collaboration. We create spaces and opportunities for advocates and community members to expand their knowledge, attitudes and skills to better serve people who are marginalized and/or oppressed.

## **Public Policy**

We represent victims, survivors, and advocates on policy and legislative issues to keep ending domestic violence a statewide priority. We work closely with domestic violence programs to make sure ongoing and emerging needs are heard and understood by policymakers.

## **Public Awareness**

Public awareness is a core element of any successful anti-violence strategy. Our efforts educate the community on the dynamics of domestic violence, how to get help, available services, and how to support our efforts.

# 267 Individualized Technical Assistance Provided

We provided in-depth problem-solving and support to 267 domestic violence programs, allied agencies and survivors, addressing specific, complex issues that cross our multiples areas of expertise.

# 5,573 People Trained

More than 5,000 people brought critical information and skills back to their colleagues, coworkers, and communities after attending WVCADV trainings in 2019.
